

**REMARKS**

In the Office Action, the Examiner allowed claims 21-27 and claims 7-8, 19-20 were allowable and objected to in form. Those latter claims have been amended to incorporate the content of claims from which they depend. Consequently it is submitted that they are now in allowable form. Claims 1-6, 17 and 18 stand rejected and have been cancelled. A listing of the claims follows.

Since all the claims have been allowed or are now in allowable form, a Notice of Allowance is requested.

The applicant does not by this response intend to concede that the other claims in the application are not patentable. It is intended that a continuation application will be filed in order to obtain further prosecution of the non-allowed claims.

If there are any questions or problems with this submission, the Examiner is invited to call the undersigned.

Respectfully submitted,

---
